

The Ink Bin is an Essex-based ecofundraising company specialising in community collection points for all home use ink cartridges to support charities with recycling as well as fundraising.

The Ink Bin costs an initial £35.00 to purchase and everything after that is free

With every collection you earn money from your recycled cartridges, meaning as well as helping the environment, you can raise money for your charity.

We have been working with Schools, Charities and Local Councils across the whole UK since 2019

Our Ink Bins

The Ink Bin is **30 x 30 x 65 cm**- a waist-height and eye-catching Bin that often sits in the Charity's Reception area. We **personalise** the Bin with your logo to make it special for your community and help them to feel part of your collection. We are also able to add a sponsor's logo as a thank you for covering the cost of The Ink Bin. Many charities choose to place their Ink Bin within the **local community** to extend the collecting. You could approach a local shop, library, Post Office or community centre.

We also encourage you to share the collecting on local Plastic-Free and Eco Groups upon Facebook as this really does increase your collection.

If you are collecting from the wider community, you would need to register on the gov.uk website as a registered Waste Carrier. It's free for charities and takes a couple of minutes.

Bespoke Ink Bins

The Ink Bin can be made to a bespoke size and design to suit your needs. Please enquire for additional costings for this service- we love to see our Bins take a new form!
